

2008 SANTA CLAUS PRESENT FOR EVO MORALES AYMA

PRESIDENT OF BOLIVIA

Chorus of African Assistants of the Saint:

*On the 25th of December, our beloved Santa addresses the Chief
Of the Andes Indians and the many Farmers of the Coca Leaf.
Evo Morales Ayma, yesterday Trumpet Player in Orinoca,
Nowadays President, forever devoted to Mama Coca.*

*Uluwangula, Uluwangula, Ganja, Riamba
Marijuana, Marijuana, Beni, Cochabamba*

**Dear Evo, many Plants are Medicines for the Mind,
Feared by Governments but adored by all Mankind.
The Coca Leaf stimulates the Andes Populations,
While Marijuana pleases the Youth of the European Nations.
The Amazonian Ayahuasca opens the Eye for great Visions,
For the Poppy of the East, the Soul's Relief is among its Missions.**

**On Orders from Heaven, I am bound to protect
Children, oppressed Nations, Sailors and the Wrecked.
And so it is that the Dutch, Masters of Navigation,
On December 5th commemorate me with a Celebration.**

Chorus:

*From Barcelona we sailed, to arrive in Amsterdam's Streets
Where Santa Claus rode his Horse, handing out Presents and Sweets.
We, his African Assistants, came with our Ganja and a big Sack,
That will hold that City's Scoundrels on the Day we go back,*

*Matokwame, Matokwame, Ganja, Diamba,
Marijuana, Marijuana, Pando, Cochabamba*

**When the War on Drugs persecuted you without Reprieve,
You came to these Netherlands in Search of Relief
And after you made your 'Right to Coca' Presentation,
Were offered the Nobel Peace Prize Nomination.**

**Together with Hemp Baron Ben Dronkers you were nominated,
Who immediately embraced your Struggle and was elated.
To support your fighting Coca Farmers in the Chapare Region,
And offered you a 4W Drive to mobilize this Indian Legion.**

Chorus:

*Henceforth Cannabists defended the Marijuana and Coca Plants,
Under the Whipala, banner of the Original Peoples of those Lands.
Meanwhile in Bolivia the Jeep served Evo to his End,
Campaigning around the country he became Cocalero President.*

*Santa Rosa, Santa Rosa, Ganja, Liamba,
Marijuana, Marijuana, Piura, Cochabamba.*

**The Euphoria with your Victory lasted until you decreed:
Marijuana is a dangerous Drug, its use a Crime indeed!
Persecuting your former Comrades in Arms with zeal,
You trampled the Wipala you had offered to officialize the Deal.**

**Dear Evo, if Coca is now being accepted on the Old Continent,
It's thanks to Those whose Support did never relent;
Who in Honour of our sacred but satanized Plants,
Issued these Stamps about Coca in The Netherlands.**

**From now on, when in the Morning in the Mirror you bask,
Of the Person you see there I want you to ask:
"Mr. President, how come all these Smokers are behind Bars?
Are Cannabis Growers and Cocaleros fighting different Wars?"**

**Cannabis is a renewable Plant, its Fibers are the Future of the Planet.
It is used to produce Paper, Bricks and all sorts of Garment.
Its Seeds provide for organic Cosmetics and Food,
The Plant has many Uses for the Environment to boot.**

**Stop persecuting those who consume Cannabis for their Health,
And capitalize on its other Uses to increase Bolivia's Wealth
Time has come for a Revolution of the Mind,
Respecting the Rights of Peoples and the Whole of Mankind.**

Chorus:

*Listen to the Saint, respect Coca and Marijuana. Repent!
The Prohibition has filled your Prisons with Innocent!
Have 'UnaSur' promote the Coca Plant with all its might,
And it will stop South-America's Cocaine Traffic overnight.*

*Coca Leaf, Coca Leaf, Ganja, Umburu,
Pacha Mama, Colombia, Bolivia, and Perú*
